Niagara Falls, a popular destination for thousands of visitors each year, is a beautiful place. When you stand at the edge and look down at the 188 feet of white waterfalls, you feel amazed at the power of nature. The tree-lined river that leads into the falls is fast-moving, pouring over the edge of

the falls and crashing to the bottom in a loud roar. If you want to experience the falls close up, go for a boat ride. You'll come near enough to look up at the roaring streams of water flowing over the edge and feel the cool mist that rises as the water hits the rocks below. Seeing Niagara Falls is an unforgettable experience!

My favorite place to relax is a small café down the street from where I live. This café is on a small side street and as soon as you see it, you feel like going in. There are three windows on either side of the door, and each window has a small window box with brightly colored flowers. There is a small wooden door that opens into the café, and as you go in, you can see a dozen small tables all around the room. Even though it isn't a big place, its size makes it very cozy and comfortable. I always like to sit at a small table in the corner near the front windows. From here, I can look at the artwork on the walls and at the pretty green plants hanging from the ceiling. With a strong cup of coffee and a good book, I feel very happy and relaxed in my favorite café.
